DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-19 are rejected under 35 U.S.C. 102(b) as being anticipated by Morita.

The Morita reference discloses a ballpoint pen tip comprising a writing ball 6, a check ball 10, an ink guide hole 4a, protrusions 4b and recesses 4c formed by channels, and an ink tube 4. Regarding claim 19, the claimed method is inherently performed during the normal fabrication of the Morita device.

Claims 1-8 and 17 are rejected under 35 U.S.C. 102(b) as being anticipated by Askew.

The Askew reference discloses a ballpoint pen tip comprising a writing ball B, a check ball G, and an ink tube A.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The LaForest and Jung reference disclose writing instruments with writing balls and check balls.
